2. Rate floor certification information. Pursuant to 47 C.F.R. § 54.313(h), carriers who receive high cost support are required to report to the FCC and USAC, with a copy to the state commission, certain information if they have monthly residential rates of less than \$10.
 3. Connect America Fund (CAF) certifications and tariff data. Pursuant to 47 C.F.R. §§51.917 and 54.304, carriers are required to submit certain certifications and data relating to the Connect America Fund with the FCC and USAC, and provide a copy to the state commission. The tariff data has been filed with the FCC and USAC on a confidential and proprietary basis. Accordingly, it is being provided to the commission under seal.

Please note that this information is being filed with the FCC and USAC for review in connection with the federal Connect America Fund proceedings. While the FCC rules state that a copy should be provided to the relevant state commission, the Commission is not required or asked to take any action at this time. Therefore, we are providing these certifications and data to the Commission for information only.

Thank you for your assistance. If you should have any questions, please do not hesitate to contact me.

Very truly yours,
